Crime Data In Atlantic City, New Jersey

Introduction

Description of the Problem:

Let's say your family of four (your spouse and 2 children) were moving to Atlantic City, NJ and safety is your number one concern. Which Neighborhood in this city would be the safest for you and your family? Primarily, which neighborhood has the lowest amount of crime? This data would also be useful for the city if they were to decide to build a new school or police department.
